

Variable N	Variable Name	Variable Label	Variable Format	Variable Type	Format
1	randhosp_id	Hosp_ID (anonymised)			2 0
2	randpat_id	Patient_ID (anonymised)			2 0
3	pretrialexp	Centre with pre-trial experience of thrombolysis	YN		1 0
4	country	Country			2 0
5	trialphase	Trial phase			2 0
6	phase				1 0
7	itt_treat	Allocated treatment	TREAT		1 0
8	age	Age at randomisation			1 0
9	gender	Gender	GENDER		1 0
10	deathcode	Cause of death (IST3 E codes)	\$DEATHCODE		2 0
11	deathdate_unknown		YNM		1 0
12	randyear	Year of randomisation			1 0
13	randmonth	Month of randomisation			1 0
14	randhour	Local hour of randomisation			1 0
15	randmin	Local minute of randomisation			1 11
16	randdelay	Delay (hours) from stroke to randomisation			1 6
17	livealone_rand	Lived alone before stroke?	YNDQ		1 0
18	indepinadl_rand	Independent in ADL before stroke?	YNDQ		1 0
19	nobleed_rand	Imaging excluded intracranial haemorrhage?	YNDQ		1 0
20	infarct	Recent ischaemic change likely cause of this stroke?	INFARCT		1 0
21	antiplat_rand	Received antiplatelet drugs in last 48 hours?	YNDQ		1 0
22	atrialfib_rand	Patient in atrial fibrillation at randomisation?	YNDQ		1 0
23	sbprand	Systolic BP at randomisation (mm Hg)			1 0
24	dbprand	Diastolic BP at randomisation (mm Hg)			1 0
25	weight	Estimated weight (kg)			1 11
26	glucose	Blood glucose (mmol/L)			1 11
27	gcs_eye_rand	Best eye response (Glasgow Coma Scale) at randomisation	GCSEYE		1 0
28	gcs_motor_rand	Best motor response (Glasgow Coma Scale) at randomisation	GCSMOTOR		1 0
29	gcs_verbal_rand	Best verbal response (Glasgow Coma Scale) at randomisation	GCSVERBAL		1 0
30	gcs_score_rand	Total Glasgow Coma Scale score at randomisation			1 0
31	nihss	Total NIH Stroke Score at randomisation			1 0
32	liftarms_rand	Able to lift both arms off bed at randomisation	YNDQ		1 0
33	ablewalk_rand	Able to walk without help at randomisation	YNDQ		1 0
34	weakface_rand	Unilateral weakness affecting face at randomisation	YNDQ		1 0
35	weakarm_rand	Unilateral weakness affecting arm or hand at randomisation	YNDQ		1 0
36	weakleg_rand	Unilateral weakness affecting leg or foot at randomisation	YNDQ		1 0
37	dysphasia_rand	Dysphasia at randomisation	YNDQ		1 0
38	hemianopia_rand	Homonymous hemianopia at randomisation	YNDQ		1 0
39	visuospat_rand	Visuospatial disorder at randomisation	YNDQ		1 0
40	brainstemsigns_rand	Brainstem or cerebellar signs at randomisation	YNDQ		1 0
41	otherdeficit_rand	Other neurological deficit at randomisation	YNDQ		1 0
42	stroke_type	Stroke subtype	STROKE TYPE		1 0
43	pred_nihss	NIHSS predicted?	YNDQ		1 0
44	konprob	Probability of good outcome based on Konig model			1 0
45	randvioltype	Protocol deviation at randomisation	\$		2 36
46	other_antiplat_pre	Pre-trial treatment with anti-platelets other than aspirin	YNDQ		1 0
47	anticoag_pre	Pre-trial treatment with anti-coagulants	ANTICOAG_PRE		1 0
48	recinfus	Infusion form received	Y01N		1 0
49	gotbolus	rtPA bolus given (Y/N)	\$		2 1
50	infus_start	Post-bolus infusion started (Y/N)	\$		2 1
51	infus_halt	Infusion halted (Y/N)	\$		2 1
52	totdose	Total mg alteplase dose (bolus + infusion)			1 7
53	sbpstart	SBP at start of treatment			1 0
54	sbp30min	SBP after 30 mins			1 0
55	sbp60min	SBP after 60 mins			1 0
56	sbp24h	SBP after 24 hours			1 0
57	dbpstart	DBP at start of treatment			1 0
58	dbp30min	DBP after 30 mins			1 0
59	dbp60min	DBP after 60 mins			1 0
60	dbp24h	DBP after 24 hours			1 0
61	treatdelay	Time (hr) from stroke to treatment			1 0
62	recR	R scan received	Y01N		1 0
63	asl	Adjudicated side of lesion	\$ASL		2 0
64	R_scantype	Type (CT/MR) of R scan			1 0
65	R_scannorm	R scan normal?			2 0
66	recP	P scan received	Y01N		1 0
67	P_scantype	Type of P scan			1 0
68	P_scannorm	P Scan completely normal	\$		2 1
69	rec7	Seven day form received	Y01N		1 0

70	consent_type	Type of patient consent	CONSENT	1	0
71	aspirin_pre	Aspirin before admission?	YNDQ	1	0
72	dipyridamole_pre	Dipyridamole before admission?	YNDQ	1	0
73	clopidogrel_pre	Clopidogrel before admission?	YNDQ	1	0
74	lowdose_heparin_pre	Low dose heparin before admission?	YNDQ	1	0
75	fulldose_heparin_pre	Full dose heparin before admission?	YNDQ	1	0
76	warfarin_pre	Warfarin before admission?	YNDQ	1	0
77	antithromb_pre	Other antithrombotic agents before admission?	YNDQ	1	0
78	hypertension_pre	Treatment for hypertension before admission?	YNDQ	1	0
79	diabetes_pre	Treatment for diabetes before admission?	YNDQ	1	0
80	stroke_pre	History of previous stroke or TIA?	YNDQ	1	0
81	aspirin_day1	Aspirin in first 24 hours?	YNDQ	1	0
82	antiplatelet_day1	Other antiplatelets in first 24 hours?	YNDQ	1	0
83	lowdose_heparin_day1	Low dose heparin or low molecular weight heparin in first 24 hou	YNDQ	1	0
84	full_anticoag_day1	Full anti-coagulation in first 24 hours?	YNDQ	1	0
85	lowerBP_day1	Treatment to lower blood pressure in first 24 hours?	YNDQ	1	0
86	nontrial_thromb_day1	Non-trial thrombolysis in first 24 hours?	YNDQ	1	0
87	iv_fluids_day1	Intravenous fluids in first 24 hours?	YNDQ	1	0
88	insulin_day1	Insulin in first 24 hours?	YNDQ	1	0
89	aspirin_days2to7	Aspirin between 24 hours & 7 days?	YNDQ	1	0
90	antiplatelet_days2to7	Other antiplatelets between 24 hours & 7 days?	YNDQ	1	0
91	lowdose_heparin_days2to7	Low dose heparin or low molecular weight heparin between 24 h	YNDQ	1	0
92	full_anticoag_days2to7	Full anti-coagulation between 24 hours & 7 days?	YNDQ	1	0
93	lowerBP_days2to7	Treatment to lower blood pressure between 24 hours & 7 days?	YNDQ	1	0
94	nontrial_thromb_days2to7	Non-trial thrombolysis between 24 hours & 7 days?	YNDQ	1	0
95	nasogastric_days2to7	Nasogastric tube or percutaneous gastrostomy between 24 hours	YNDQ	1	0
96	antibiotics_days2to7	Antibiotics between 24 hours & 7 days?	YNDQ	1	0
97	findiag7	Final diagnosis of initial randomising event (7 day form)	FINDIAG	1	0
98	brainsite7	Location of initial ischaemic stroke (7 day form)	BRAINSITE	1	0
99	haem_type7	Type of initial haemorrhagic stroke (7 day form)	HAEMTYPE	1	0
100	nonstroke_type7	Type of non-stroke cause (7 day form)	NONSTROKETYP	1	0
101	med_adno	Number of nights in Medical Admissions Unit in first 7 days		1	11
102	critcareno	Number of nights in Critical Care Unit in first 7 days		1	0
103	strk_unitno	Number of nights in Stroke Unit in first 7 days		1	11
104	genwardno	Number of nights in General Ward in first 7 days		1	0
105	adjudicated	Patient had adjudicated event in first 7 days	Y01N	1	0
106	sevendaycase	Type of adjudicated event in first 7 days	SEVENDAYCASE	1	0
107	final_status	Adjudicated final status	\$	2	2
108	sich7	Symptomatic ICH within 7 days	Y01N	1	0
109	dead7	Died <=7 days after randomisation	Y01N	1	0
110	myocard_infarct	Myocardial infarction in first 7 days	YNM	1	0
111	extracranial_bleed	Major extracranial bleed in first 7 days	YNM	1	0
112	allergic_reaction	Major allergic reaction in first 7 days	YNM	1	0
113	other_effect	Other side effect in first 7 days	YNM	1	0
114	adverse_reaction	Other adverse reaction in first 7 days	YNM	1	0
115	gcs_eye_7	Best eye response at 7 days (Glasgow Coma Scale)	GCSEYE	1	0
116	gcs_motor_7	Best motor response at 7 days (Glasgow Coma Scale)	GCSMOTOR	1	0
117	gcs_verbal_7	Best verbal response at 7 days (Glasgow Coma Scale)	GCSVERBAL	1	0
118	liftarms_7	Able to lift both arms off bed at 7 days	YNDQ	1	0
119	ablewalk_7	Able to walk without help at 7 days	YNDQ	1	0
120	indepinadl_7	Independent in activities of daily living at 7 days	YNDQ	1	0
121	destination	Destination to which patient discharged from hospital	DESTINATION	1	0
122	recsix	Six month form received	Y01N	1	0
123	sixmonthform	Type of six month form	SIXMONTHFORI	1	0
124	sixcompleted_by	Person completing 6 month form	COMPLETER	1	0
125	ohs6	OHS from 6 month form		1	0
126	ordinal6	OHS from 6 month form, with levels 4,5,6 combined		1	0
127	aliveind6	Alive and independent at 6 months (OHS<=2)	YN	1	0
128	alivefav6	Alive and favourable outcome at 6 months (OHS<=1)	YN	1	0
129	dead6mo	Died before 6 months	Y01N	1	0
130	imputed6	OHS at 6 months imputed	YN	1	0
131	aspirin6	Aspirin given on admission day (6 month form)	YNDQ	1	0
132	bloodthin6	Blood thinning injections given on admission day (6 month form)	YNDQ	1	0
133	clotbust6	Clot busting drugs given on admission day (6 month form)	YNDQ	1	0
134	stocking6	Special stockings given on admission day (6 month form)	YNDQ	1	0
135	gotprobs6	Stroke left patient with problems (6 month form)	YNDQ	1	0
136	needhelp6	Needs help with everyday activities (6 month form)	YNDQ	1	0
137	walkhelp6	Needs help to walk (6 month form)	YNDQ	1	0
138	speakprob6	Major problems speaking (6 month form)	YNDQ	1	0
139	mobility6	Mobility problems (6 month form)	MOBILITY	1	0

140	selfcare6	Washing or dressing problems (6 month form)	SELF CARE	1	0
141	activities6	Usual activities problems (6 month form)	ACTIVITIES	1	0
142	pain6	Pain or discomfort (6 month form)	PAIN	1	0
143	anxiety6	Anxiety or depression (6 month form)	ANXIETY	1	0
144	wherelive6	Where patient lives now (6 month form, patient not in hospital)	WHERE LIVE	1	0
145	howlive6	How patient lives now (6 month form, patient not in hospital)	HOW LIVE	1	0
146	euroqol6	Health state (Euroqol) at 6 months		1	0
147	receighteen	18 month form received		1	0
148	eighteenmonthform	Type of eighteen month form		1	0
149	eighteencompleted_by	Person completing 18 month form		1	0
150	aspirin18	Aspirin given on admission day (18 month form)	YNDQ	1	0
151	bloodthin18	Blood thinning injections given on admission day (18 month form)	YNDQ	1	0
152	clotbust18	Clot busting drugs given on admission day (18 month form)	YNDQ	1	0
153	stocking18	Special stockings given on admission day (18 month form)	YNDQ	1	0
154	gotprobs18	Stroke left patient with problems (18 month form)	YNDQ	1	0
155	needhelp18	Needs help with everyday activities (18 month form)	YNDQ	1	0
156	walkhelp18	Needs help to walk (18 month form)	YNDQ	1	0
157	speakprob18	Major problems speaking (18 month form)	YNDQ	1	0
158	mobility18	Mobility problems (18 month form)	MOBILITY	1	0
159	selfcare18	Washing or dressing problems (18 month form)	SELF CARE	1	0
160	activities18	Usual activities problems (18 month form)	ACTIVITIES	1	0
161	pain18	Pain or discomfort (18 month form)	PAIN	1	0
162	anxiety18	Anxiety or depression (18 month form)	ANXIETY	1	0
163	wherelive18	Where patient lives now (18 month form, patient not in hospital)	WHERE LIVE	1	0
164	howlive18	How patient lives now (18 month form, patient not in hospital)	HOW LIVE	1	0
165	euroqol18	Health state (Euroqol) at 18 months		1	0
166	deadordep18	Dead or dependent at 18 months (OHS>=3)		1	0
167	ohs18	OHS from 18 month form		1	0
168	ordinal18	OHS from 18 month form, with levels 4,5,6 combined		1	0
169	aliveind18	Alive and independent at 18 months (OHS<=2)		1	0
170	alivefav18	Alive and favourable outcome at 18 months (OHS<=1)		1	0
171	yrfu_code	Reasons for lack of 18 month follow-up (L codes)	\$	2	3
172	waiver_code	Reason for waiver of consent (A codes)	\$	2	3
173	extracranial_bleed_site	Site of extracranial bleed (C codes)	\$	2	3
174	other_effect_code	D code for other side effects recorded on 7 day form	\$	2	3
175	nostartcode	Reason treatment not started (J codes)	\$	2	3
176	deadordep6	Dead or dependent at 6 months (OHS>=3)		1	0
177	missing6	OHS at 6 months missing		1	0
178	missing18	Alive at 18 mo and form not returned		1	0
179	event_days			1	0
180	agecat			2	0
181	ageimp			1	0
182	age_true			1	0
183	R_acuteic	R scan shows acute ischaemic change?	\$	2	1
184	hypodeg	Degree of acute hypodensity	\$	2	1
185	hypodegsite	Site of maximum visible swelling	\$	2	1
186	mca	Changes in middle cerebral artery	\$	2	1
187	affmca	Site/size of lesion of MCA territory	\$	2	1
188	aspcau	Caudate region shows ischaemic change	\$	2	1
189	asplen	Lentiform region shows ischaemic change	\$	2	1
190	aspins	Insula region shows ischaemic change	\$	2	1
191	aspint	Internal capsule region shows ischaemic change	\$	2	1
192	aspm1	M1 region shows ischaemic change	\$	2	1
193	aspm2	M2 region shows ischaemic change	\$	2	1
194	aspm3	M3 region shows ischaemic change	\$	2	1
195	aspm4	M4 region shows ischaemic change	\$	2	1
196	aspm5	M5 region shows ischaemic change	\$	2	1
197	aspm6	M6 region shows ischaemic change	\$	2	1
198	oial	Other part of brain involved in acute ischaemic lesion?	\$	2	1
199	aca	Anterior cerebral artery affected? (4 levels)	\$	2	1
200	pca	Posterior cerebral artery affected?(4 levels)	\$	2	1
201	subinf	Acute small subcortical infarcts?(5 areas)	\$	2	1
202	cbzinf	Acute cortical borderzone infarcts?(4 levels)	\$	2	1
203	cinf	Acute cerebellar infarct?(4 levels)	\$	2	1
204	stem	Acute brainstem infarct?(4 levels)	\$	2	1
205	tisswell	Degree of tissue swelling in acute infarct	\$	2	1
206	hdart1	Hyperdense artery sign in MCA main stem	\$	2	1
207	hdart2	Hyperdense artery sign in Insular MCA	\$	2	1
208	hdart3	Hyperdense artery sign in Internal Carotid Artery	\$	2	1
209	hdart4	Hyperdense artery sign in Anterior Cerebral Artery	\$	2	1

210	hdart5	Hyperdense artery sign in Posterior Cerebral Artery	\$	2	1
211	hdart6	Hyperdense artery sign in Basilar Artery	\$	2	1
212	hdart7	Hyperdense artery sign in Vertebral Artery	\$	2	1
213	seclasion	Another minor new ischaemic lesion?	\$	2	1
214	redbtvola	Central atrophy	\$	2	1
215	redbtvolb	Cortical atrophy	\$	2	1
216	wmla	Anterior white matter lucencies	\$	2	1
217	wmlp	Posterior white matter lucencies	\$	2	1
218	oldlesion	Any old vascular lesions?	\$	2	1
219	oldlesion1	Old cortical infarcts	\$	2	1
220	oldlesion2	Old striatocapsular infarcts	\$	2	1
221	oldlesion3	Old borderzone infarcts	\$	2	1
222	oldlesion4	Old lacunar infarcts	\$	2	1
223	oldlesion5	Old brainstem/cerebellar infarcts	\$	2	1
224	oldlesion6	Probable old haemorrhage	\$	2	1
225	nslesion	Any non-stroke lesion?	\$	2	1
226	nslesion1	Cerebral tumour	\$	2	1
227	nslesion2	Encephalitis	\$	2	1
228	nslesion3	Demyelation	\$	2	1
229	nslesion4	Cerebral abcess	\$	2	1
230	nslesion5	Other, eg contusion	\$	2	1
231	scanqual	Scan quality	\$	2	1
232	R_infarct_size	Infarct size (from R scan)	SIZE	1	0
233	apca	Infarcts in ACA / PCA territory		1	0
234	subinf1	Acute small subcortical infarcts?(0/1)		1	0
235	cbzinf1	Acute cortical borderzone infarcts?(0/1)		1	0
236	cinf1	Acute cerebellar infarct?(0/1)		1	0
237	stem1	Acute brainstem infarct?(0/1)		1	0
238	aca1	Anterior cerebral artery affected? (0/1)		1	0
239	pca1	Posterior cerebral artery affected?(0/1)		1	0
240	R_infarct_territory	Infarct territory (from R scan)	TERRITORY	1	0
241	R_hypodensity	Degree of acute hypodensity (R scan)	DEPTHCODE	1	0
242	R_swelling	Degree of tissue swelling in acute infarct (R scan)	SWELLCODE	1	0
243	R_hyperdense_arteries	Hyperdense arteries visible on R scan	HDART	1	0
244	R_atrophy	Atrophy visible on R scan	YNM	1	0
245	R_whitematter	White matter visible on R scan	YNM	1	0
246	R_oldlesion	Old vascular lesion visible on R scan	YNM	1	0
247	R_nonstroke_lesion	Non-stroke lesion visible on R scan	YNM	1	0
248	R_isch_change	Ischaemic change visible on R scan	ISCH_CHANGE	1	0
249	R_mca_aspects	Aspects score (max 10) for Middle cerebral artery (R scan)		1	0
250	R_tot_aspects	Total aspects score (max 12) including ACA/PCA (R scan)		1	0
251	R_hyperdensity			1	0
252	vis_infarct		YN	1	0
253	time_to_PH			1	0
